

Dear Families,

I am excited to announce that February is Kindness Month. There will be many wonderful activities for students to be engaged in. On **February 2**, we will kick off the month with a literature book called, *Have you Filled a Bucket Today?* This book will teach students how to fill a bucket with acts of kindness. We have created mini bucket templates that students will write and or draw about how they can be a bucket filler. We will display the mini buckets around a larger bucket entitled, “PS 204’s Bucket of Kindness.”

During the week of February 7 – February 11, the children will be involved in “The Great Kindness Challenge”. The Great Kindness Challenge, is a week-long program dedicated to creating a culture of kindness and compassion within communities worldwide. Each student will receive a checklist that contains many kind deeds. Students will complete as many good deeds as they can in one week. There will be a special prize for classes that complete the most acts. There will be a winning class on each grade.

During the week of February 14 – February 18, we will be celebrating “Respect for All Week” During this week, the students will gain a better understanding of respecting themselves and others in ways that will promote diversity and acceptance, and lead to anti-bullying and anti-bias based harassment. These discussions and activities will be conducted through theme-based lessons. Please refer to the calendar for that day’s theme.

Within this week, it is also the 100th day of school. We are excited to see how many 100 year old students we have here at PS 204.

In addition on **January 28**, we ask all students to wear red to celebrate Lunar New Year, the Year of the Tiger. The students will be viewing a virtual performance celebrating Lunar New Year hosted by Music for Many, an arts residency program for students.

We are looking forward to a month filled with many wonderful activities. Thank you for your continuous support.

Sincerely,

Roseann Sainato

Principal
